APPRECIATION

To our Mothers and Fathers, who, through sacrifice and patience, have made it possible for us to glean the assurance of competence and happiness in our maturity, we, the members of the Senior class express our sincere appreciation.

FOREWORD

With drama of the Fourth and Final act of our academic careers coming to a close, we the class of 1927, offer this RECORD as our parting contribution to the glories of M.H.S. When the dawn of youth has faded into the sunset of maturity may the volume serve as an echo of the happy years of good-fellowship, work and life that we enjoyed: our achievements, combined with our rougeries, witticisms, our athletic, and social adventures. This RECORD is a memory book—a class diary. May it set aglow again, in the hearts of all, the memory of the happy hours spent under the guiding hand of M.H.S.

The RECORD '27

To

Miss Carolyn Biddle

Whose faithful cooperation and kindly interest
has won our appreciation
the seniors lovingly dedicate
this Record

of course I
mean, I don't mean to say
I should call my little "thing"
my "member" that's all
I'm just going to be a
happy little "member" and not
a "thing" - I'm a "thing"
my little "thing"

In Memoriam

The "M" club wishes to express its sincere sorrow for the loss of our fellow team-mate, Francis Wright, who was taken from us during an attack of pneumonia, August 14, 1926.

Francis was known to everyone as a good student and a valuable asset to the football squad and track team and gave great promise of future strength to the team.

His untimely going was a great loss to the "M" club and to the whole school.

Edward Daniels, Treasurer Dr. Sethney, President Howard Nadeau, Secretary
John O'Hara, Vice President.

The Board of Education

The Board of Education has complete control of the city Public Schools, determining the amount of school money to be raised each year by taxation, electing teachers, approving the employment of all other employees, and approving the program of studies and plans for organization. The maintenance and care of seven school buildings with their grounds valued at \$600,000.00 is a duty of the Board.

The school buildings are modern and well equipped. The standards of the teaching corps are high. The Kindergarten, the Elementary Schools, the Junior High, and the Senior High School represent the most up to date type of school organization to-day.

The high standing of the Menominee Schools is due to the fact that for years Menominee has been fortunate in having men of integrity and high ideals on its Board of Education who have wanted the best possible opportunities for an education afforded the children of the city.

A Senior's Diary

Sept. 7 School begins. How nice it seems to have such freshly-painted walls, such impressive statuary, and so many nice new teachers!

Sept. 16—We Seniors are gradually becoming accustomed to our exalted positions and are fast acquiring the proper airs of sophistication.

Oct. 6—Today we elected our class officers. Scummy, Dinwiddie, Shrimp, and Mix received the honors.

Oct. 11—Is the 11th of Oct. a special flag day in Michigan? Anyway the Senior boys lowered the flagpole, today, amid scenes of great excitement.

Oct. 20—Scummy Shaver, not-with-standing, enlivened his physics class this morning by a most unbecoming fall. Nevertheless our President has regained his dignity.

Oct. 29—Trudy Fitzsimmons does a little fancy work with a broom and dust pan in Room 14. After this Trudy will ignore the boys. Maybe.

Nov. 1—The Senior girls were initiated into the C. O. F. last night. It was quite a shock! Some of us are still a bit shaky after our bumpy rides over unknown seas.

Nov. 5—The Seniors present Three One Act plays. If you ever get the "Wrong Number," or have "Wisdom Teeth," just comfort yourself by looking forward to "Bumblepuppy" tournaments next summer.

Nov. 10—Pigtail and Hobo Day! The Senior girls challenged the boys to show greater originality in costume. But the boys found it couldn't be done.

Nov. 24—Goody! Goody! Thanksgiving vacation. The general topic of conversation is the Pie that Mother makes!

Dec. 6—The favorite sport now is dodging snowballs.

Dec. 13—Oooh! Santa Claus! The dignified Senior girls acted very much like little children when they received their gifts from the generous hearted Santa at the C. O. F. party. Ask Florence.

Dec. 17—The Seniors gave a big party tonight. Was it to celebrate our ten day release from worry?

Jan. 3—How many of you have not broken a single New Year's resolution?

A Senior's Diary

Jan. 20—The worst is yet to come. Dark prophesies from the teachers as to our exam. marks

Jan. 26—“We who are about to die salute you.” Exams. tomorrow. Electric light bills are going up, as we try to cram from two books at once.

Feb. 7—It's all over—most of us are still Seniors

Feb. 18—Four One-Act Plays are given for Record benefit. “Sam Average” had us guessing for awhile; “Nevertheless” and “The Game of Hearts” were both very artistically done; but we got a big laugh out of “The Rehearsal.” Jean had such a terrible time trying to talk and hold a pipe in her mouth at the same time

Feb. 28—Local Declamatory and Oratorical Contest. Jimmy Gleason got a “beautiful” bouquet for his masterly exhibition of orchestra conducting

Mar. 10—“Cupid” visited Mr. Sandberg's fourth period class, but was severely reproved. However, Mr. Sandberg did not succeed in expelling him. How about it, Jean?

April 8—Spring vacation starts today. It won't be much vacation for us seniors who have “incompletes.” We're expected to work over-time

April 18—Made the 1st payment on my Senior Ring today! Wonder why some of the girls had theirs made so large?

May 6—Our last Senior Class party! Who says we don't know how?

June 3—The Junior Prom! Very well done, thank you for the delightful time. You're learning fast, Juniors

June 12—The Baccalaureate Sermon. My, how solemn we were! Bedo never blinked an eye, nor did Gabby say a word throughout the whole discourse

June 13—The Senior Supper. We Seniors surely do like to be waited on by the Juniors

June 14—Our Commencement play. If our class had to put on another play they'd have to build a new theatre to accomodate the crowd

June 15—Class Night. The “History” of our class is quite revealing! If every thing that was “Prophested” comes true, M. H. S. will be represented in every country on the globe. Here's to the class of 1927!

June 16—Commencement finds us proudly carrying off our specimens of “that skin Seniors love to touch.” Farewell M. H. S.

We Highflyers

Highflyers! That's us. And when we're not flying, we Seniors are sitting on top of the heap. Oh, we get the big end of it all the time, but then—Seniors deserve it.

When we were those little zoons of the species of Freshmen we were illustrious. Our Jamboree was classed A No. 1 in red letters in the big white record.

Even Miss Radford agrees that we were the best Sophomore Class on record. The success of our "Shindig" and our other enterprises didn't even affect that self-sufficiency that Sophs are supposed to have. We just aren't the common type of class. Our parties, with some of Miss Biddle's new stunts shook us up lively and we all had packs of fun.

Juniors! They thought we were going to sit down on the half-way station, but we showed them. You've heard how our "Clarence" went to war, and then came home and all the girls fell in love with his slow, yet pleasing ways. Well, he and the rest of the Cast were a success. We broke a whole stack of old traditions, among them was our victory over the Seniors in the annual Junior-Senior Debate. Our representatives on the Athletic field were the main stand of the coach. When Old Knight '27 entertained, he certainly knew how. Ask last year's Seniors. His hospitality in offering his colorful medieval hall was appreciated by all.

By a process of evolution, elimination and fermentation of the medulla oblongata we are now Seniors. We aren't elated about it either. We're just very dignified and composed. Here's a little poem that Shakespeare wrote about us Seniors. (It shows his appreciation)

When he speaks, (the senior)
The air, a chartered libertine, is still,
And the mute wonder lurketh in men's ears,
To steal his sweet and honied words."

We are still successful. On the field our warriors, led by "Bud," are real grid stars. Redeman and his gang are shooting baskets like playing tiddely-winks. On the track "Arnie" leads this retinue right off snappy, shaking the dust in his opponent's eyes.

Our debaters, Loren and his teams, have paralysed their opponents. Our commencement play and the rest of the class plays with "Wisdom Teeth" and "Bumble-Puppy" games mixed together were all a success. The Juniors entertained us royally at the Prom and we're beginning to respect them a great deal.

Well, now we sheep-skin chasers have received our reward. Now we must leave old M. H. S. We've laughed at the Freshmen, admonished the Sophomores and tolerated the Juniors. Nevertheless we have yet to see what the rest will do without us, and we wonder what we'll do without old M. H. S.

Junior Class History

Juniors have always held an enviable reputation. The Junior is just at that stage where he is justified in looking down upon the insignificant, foolish little Sophomore and yet has not assumed that haughty, dignified attitude of the Senior.

The Junior Class of '28 is an especially extraordinary one. Whether it be in basketball, football, forensics or dramatics, the Junior Class has talented individuals.

And when it comes to society--they have every other class shoved into a corner. The Junior-Senior party with its Indian wigwams, showed their unique idea of entertainment.

The Juniors as a class possess amazing possibilities. In the near future, the great distinguished persons of today in the athletic realm, and on the speaker's platform, will be replaced by members of the class of '28.

Are we an unusual class? We consider ourselves above the average, at least.

Sophomore Class History

In September the Sophomores, already recognized for their ability, once more became a joy to Miss Radford. As subjects were assigned many teachers became dejected and downcast because they did not receive at least one class of these super-intelligent students.

We admit there was something queer about the election of officers--some five hundred votes were cast. But we think this shows our individuality and our determination to elect dignified David to that august position of class president, not any lack of knowledge of parliamentary procedure.

The Sophomores showed their ingenuity in the "Sophomore Carnival," a marvel of wit and beauty. They were ably assisted by the faculty whose splendid co-operation made it a thing to be remembered.

The class basketball team consists of Henry Delorm, Christy Saunders, Bob DuBrueq, Fritz Barstow and Bob Olsen. They are at present paying for an unfortunate accident which occurred when a locker tipped itself over. The girls on the hockey team which met a glorious defeat at the hands of Marinette were Lucille Hubert, Ellen Quimby, Bernice Bartholemew and Clara Pinkowski.

And now we leave the class to continue on its bright career, a sun in a galaxy of stars.

Freshman Class History

What fun it is to look back over those bright green days of our Freshman Year! Never did we regret our choice of leaders, for they have tactfully guided, from September to June, one hundred and eighty energetic and troublesome Freshies along that uncertain course.

Our first class party was held in November, in the gym. Oh! what happy anticipations filled our every moment during the week preceding the party. That week was one of hard work for Miss Johnson, our class advisor, and for the committee. They were more than repaid--for the party was a howling success.

We claim one distinct honor which no other Freshman Class can claim. Our Ed. Enders made the first team in football. We think he could become President at the next election if he wanted to.

The Freshman Frolic! How eagerly we looked forward to this important event. The Frolic, held April 29th was even a greater success than we anticipated, and proved to the upper classmen that greenness is not the only characteristic of our class.

With such bright prospects what may we not expect in the future?

History of the Class of '31

As the bell in the old tower of M. H. S. rang out its cheerful welcome last September, one hundred and ninety three Eighth Graders started on their second course to the Tower of Wisdom.

Our first noteworthy act was to organize our forces and elect leaders for the year. Miss Rickansrud, our class advisor, was again our faithful guide. The success of our parties is due to her skillful ability in directing committees.

We are extremely proud of our record in inter-class activities. Our football "Bears" copped the title from the "Tigers". In basketball we have the same honor, in the Junior High League. Declamations and the girls' athletic contests add other victories to our list. Our debate team was again victorious, giving us permanent possession of the debate trophy, which we won last year.

This is our record for the year. We are eagerly waiting for more awards to conquer.

History of the Class of '32

The class of '32 has turned the first page of its history in M. H. S. With much uncertainty our class numbering between one hundred and thirty five to one hundred and forty assembled from the many different schools. Many of us were complete strangers to each other. Sympathetic teachers helped us, and under the guiding hand of Miss Turriff, our class advisor, we soon felt at ease in our new school. Our class parties held in the gym from four o'clock to six were loads of fun.

Members of our class took part in almost every contest in school, football, basketball, pinball, debate and declamations. Each month the names on our honor roll have increased. We are developing class spirit; we expect to do bigger things later on. Watch out for the class of '32.

M. H. S. Football Season

The first game of the season, with Stephenson, was an easy win, the Maroons copping the tilt, 29-0. Many of the recruits were given a chance to display their wares. P. Kreuz and "Bud" Hastings did good work for the locals.

Kingsford High, the next opponent, was taken into camp, 33-0. The Maroon-clad eleven, despite numerous fumbles, outplayed the Ford City crew.

The Gladstone contest was played on a field of mud. The two teams chased each other all over the limy area but to no avail and the game ended in a scoreless tie.

In the Escanaba contest the Maroons were off color and failed to take advantage of the "breaks" offered them. The Hilltoppers were an alert, aggressive bunch and smashed their way to a 21-0 win.

On the following Saturday, Hastings and his crew journeyed to the Soo. They had recovered their form, but in spite of consistent yardage and all-around good football, the battle resulted in another deadlock, 0-0.

Joe Quinn and his West Green Bay huskies were next on the schedule. The locals looked good, especially on defense, but the superiority of the southerners beat them, 21-0. Luminaries for the Van Dervoort aggregation were P. Kreuz, Janson, and "Bud" Hastings.

To say that the Maroons lost the Armistice battle means that the game was lost only in score. The grit, nerve, pluck, and sheer "intestinal fortitude" shown by the invaders of the Lauerman Field was remarkable. In the first half, the locals staved off scores and on both offense and defense were head and shoulders above the Purple. In the second period, however, the Thunder-Herd from across the river with their overwhelming weight gradually beat down the strength of the Maroons and scored three touchdowns. Score, 20-0.

Football Letter Men

"BUD" HASTINGS, Captain, was a brainy quarterback who punted and passed well. His thorough knowledge of the game aided him as a field general.

"BUTCHER" KREUZ, Capt.-Elect, the fightin' tackle, was an outstanding figure in all the games. Paul was aggressive, alert, and one of the most brilliant defensive men in the Upper Peninsula.

"ARNY" DELGOFFE, made up in "scrap" what he lacked in weight. His speed was shown in the half-back position.

"OOPIE" KREUZ, end, did excellent work on the line but lack of experience kept him out of the game part of the time.

"RED" BECKLER, end, was shifted from center to end this year and performed creditably at that position.

"JOE" BECK, half-back, was the scrappiest man on the squad and one of the fastest, too.

"ART" PARKER, another speed merchant, played at half-back and distinguished himself by his pretty open field running.

"BUCK" MASON, center, was a tower of strength on defense and an accurate passer. After Fred got into the spirit of the game he proved himself a demon.

"JACK" AHERN, guard, developed very rapidly into a good lineman and he'll be out there again next year to sock 'em.

"FRITZ" BARSTOW, guard, didn't break into the game until late in the season, but he did creditably. He has two more seasons here.

"TONY" JANSON, fullback, is a triple-threat man but his long suit is line plunging.

"JIMMY" PHOTENHAUER, end, covered himself with glory in the Marinette game by his great defensive work.

"BILL" CALEY, tackle, also played a bang-up game against the Purple. His brilliant tackling and blocking was a feature of the game.

"WOP" REMINGTON, end, was the best pass receiver on the squad and his fighting spirit was of no little importance.

"JIM" GLEASON, end, will be remembered and respected by all his opponents next year.

Weight Teams

The weight team system, instituted by Guy V. Houston four years ago, was carried on again this year and afforded nearly seventy-five younger students an opportunity to play football under the coaching of the male members of the faculty.

In the heavy-weight division Mr. Lokke's Red and White stripes copped the title from Mr. Cook's Blue Streaks in team play. Saunders, F. Du-Brucq, Joe Vorachek, and Eckert starred for the champs while Cy. Seidl, Jenkins, Nelson, and Stewart did good work for the losers.

Weight Teams

In a hot series Mr. Taylor's Reds trimmed the Blues, coached by Mr. Sandberg. Among the stars for the winners were Delorme, R. Olson, Bero, and Boucher. Pichette, Tallent, Betzinger, and J. Kreuz were the shining lights of the defeated eleven.

In the lightweight section Mr. Meyers' proteges took the title from the lads of Mr. Smith's camp. Many of these little chaps showed great promise. Among them were Coman, M. Pfotenhauer, Knutsen and Whitton of the victors and Smith, Law, Quever, and F. Heckel of the vanquished eleven.

M. H. S. Basketball Season

The Maroons lost their first game in a hard fought battle to Iron Mountain, 19-21. They gave the Eckmen a stiff tussle but were beaten in the last minute of play.

In the next contest, the Maroons played on their own floor but the Ironwood Red Devils were too much for them. Payne, Delgoff, and Remington starred for the locals and Lesksell and Zambrovitz for the visitors. The final count was 25-18.

Beebler and his gang journeyed to Escanaba the following week and slipped the Roelmen a 17-15 trimming. The game was close and was anybody's ball game up to the last few seconds, when the VanDerVoortians put in the deciding basket.

Ironwood, the next foe, handed the locals a 27-17 walloping in a fast game. The Red Devils had things pretty much their own way during the last half, but in the first two sessions the Maroons kept their enemy in hot water.

The locals, playing first-class basketball, trimmed the Marquette cagers.

M. H. S. Basketball Season

22-10. Payne, Bunda, and Delgoff were the bright spots for the winners. The great defensive work of Capt. Beekler and Bunda had the wearers of the purple completely baffled.

Coach VanDerVoort's protege scored another win over the Iron Basketeers 21-14. The Maroons, using a new defense, kept the score in their favor throughout the tilt.

In one of the most thrilling contests of the season, the Maroons took revenge on the Iron Mountain crew in a 14-11 fray.

Tom Johnson's purple-clad warriors snapped back to life in their next contest with the Maroons and put over a 12-11 victory.

Basketball Letter Men

Captain, "Red" Beekler who led the team this year is one of the high point getters on the team. He plays the position of guard and has developed into one of the best running guards of the U. P. as well as showing his prowess as a basket shooter. He has proved his ability in leadership throughout the season.

"Bunda," the other guard, proved undeniably that he was a basketball player. Although this is his first year on the Varsity squad he has been able to hold down his end of the game very well. He is as good a man on defense as could possibly be wished for.

"Peanuts" Payne, the diminutive but speedy forward, Captain-elect for next year, showed up in great form. His knack of sinking them has gained him the distinction of high point getter on the squad. As leader of next year's crew we look for big things from Peanuts.

"Arnie" Delgoff the other forward is a steady man on both defense and offense. His steady game and cool-headedness has succeeded in fooling many an opposing player. He has proved himself worthy of the title of an excellent all around man capable of handling puzzling situations.

Nearly all of our tipping off was done by our center, "Wop" Remington. "Wop" is also on the team for the first year. However he showed great form and played a steady game. He showed himself equal to any situation and usually put on the finishing touches with a basket.

Inter-Class Basketball

Much interest was shown in the boys' inter-class basketball league this year. Besides the actual enjoyment the boys received, they also derived the benefits of inter-class competition, clean sportsmanship, group cooperation, and competent coaching by members of the faculty.

Mr. Lokke's Junior cagers copped first place in the Senior High School League. The Sophs, coached by Mr. Cook, finished in second place, and the Seniors, piloted by Mr. Taylor, secured third. Lack of experience was a serious handicap to the Frosh and they landed in the cellar position. Mr. Sandberg was their mentor.

Inter-Class Basketball

The Junior High League produced some good material and the games were very exciting. Mr. Meyer's eighth grade proteges bested Mr. Olson's charges and were awarded the championship.

Those members of the faculty who devoted much of their time to coaching the teams and staging the games deserve great credit and thanks for their whole-hearted work during the basketball season.

James Photenhauer, Elmer Hastings, Walter Bunda, Arnold Delgoff (Captain)

Stars of Cinder Track

"Army" Delgoff, leader of this year's track squad, won the half-mile run two times in the U. P. meets before he was a Senior. He runs consistently under 2:10 and when forced to exert himself can do 2:06. Army expects to knock a couple seconds off the U. P. record this year.

Jimmy Photenhauer competes in the 100 and 220 yard dashes and is anchor man on the relay team. He has been competing for four years and this is his banner season. During his four years of cinder activity Jim has broken his share of tapes.

Walter Bunda, who placed fourth in the mile run in the U. P. joust last year, is burning up the cinders again this spring. He is one of the best middle distance runners in the Upper Peninsula. His best time is a few seconds under five minutes.

"Buddy" Hastings, of gridiron fame, and a natural athlete, has set several good marks in track and field events. In last year's U. P. meet he placed in the high hurdles, the broad jump, and was a member of the winning relay team. Buddy has cleared upward of nineteen feet in the broad jump, which is a good leap for a high school athlete.

Boys' Physical Education

This year, a new policy was inaugurated in the Physical Education work. The work was divided into two separate departments, Athletic and Physical Education, and a separate instructor was solely responsible for each. The result will mean better coaching, and better teams, because one man can devote all of his energies and efforts in that direction. More important is the fact that the three hundred boys enrolled in Physical Education will be given personal and constant attention, by someone especially trained for the work.

The program consists of training in the fundamental processes of running, jumping, throwing and climbing, and includes individual athletic events, sport fundamentals, group games, tumbling, swimming, and combative contests. All of the classes except the seventh grade carry on Squad Competition. New events are introduced each month and practiced, and competition between squads in each class occurs at the end of the month. A system of zone scoring has been worked out, so that the squad in each class having the highest score in June, will receive individual medals, as well as a suitably engraved cup for the Trophy Case.

Inter-Class Basketball

The girls' inter-class basketball tournament started with one purpose in the mind of each player. That was to win the championship.

The Sophomores started with much determination and worked hard, even though they came out on the bottom of the list. They were coached by Mrs. Finucane.

The Freshmen, or "greenies" coached by Miss Kleinmeyer, opened the eyes of the on-lookers as "small but snappy." They played their best every minute they were on the floor.

Inter-Class Basketball

The Juniors noted as the plucky "reds" worked hard with Miss C. Biddle, they were able to get second place in the tournament. They had a fight with the seniors to determine the winner of second place, one of the most interesting games of the season.

The class of '27 started out with much pep and ended up with their blue colors flying high. They won every game of the season. This is a record never yet surpassed by any girls' team of Menominee High School. Much credit is given to Miss Dickinson, their coach. The reason for their success in a nut shell, is, team work, speed, accuracy, and pep.

Girls' Physical Education

To build healthy bodies is the task of the girls' athletic department. We realize that to have a keen mind one must have a healthy body. To produce the best results in the short time allotted each class, a well-planned schedule is necessary.

The Mondays and Fridays' period is devoted to outdoor work. In the spring and fall the field is used for hockey, soccer, tennis, and baseball. In winter when the weather prevents outdoor sports, the Hygiene and Health habits. On Wednesdays we have swimming and hiking and when the weather is cold ice skating. On Tuesdays and Thursdays we report our work in the gym. This work includes all the new work in track and field, indoor games, and apparatus work.

This year the Athletic Badge Tests have been introduced. These consist of balancing, jumping, and throwing, and are designed to measure strength and endurance. Where possible the element of skill as well as speed; throwing events are to be tests which require skill in the throwing of the object. Games such as soccer, tennis, volleyball, basketball, and golf shooting and pitching a baseball.

The girls are much interested in attaining the standards set by these tests and winning the badges.

M. H. S. Debate

Captain Loren Shaver is a two year man and even though he won't be back next year, he has left an impression of fine sportsmanship and debating spirit which will urge us on when we tackle the mine schedule. Loren was the only veteran on this year's squad and his splendid work can scarcely be too highly commended.

Dorothy Peterson has shown unusual skill in debating, part of which was revealed last year when she participated in the annual 11th and 12th grade clash. Serving as third speaker of the affirmative, Dorothy analyzed each debate more clearly than the one preceding. Her splendid work is shown in the fact that the affirmative team went through an undefeated season.

This is Irene Svehla's first year at debating, but her skill at it, shown in every clash would tend to leave one with the impression that she had been at it for years. It took some tact and not a little courage for Irene to overcome the difficulties but her success is evident by the undefeated title of the affirmative team.

Serving as the first negative speaker, Edwin West displayed great talent. His masterful delivery and unusual power in reasoning will immensely aid in the success of the year. Edwin will be back with us next year, and we are hoping for an even more successful season.

If you want to know anything about coal see Cecil Duquaine for he knows it all. If you don't believe us ask him. He helped bring home the honors from Marquette and Gladstone, and gave Escanaba a hard fight.

The Irish element in the squad is furnished by Mike O'Hara. He was on the 9th and 10th class teams winning both debates and his experience proved helpful in this year's work. Mike will be back next year and we expect much of our fighting Irishman.

The negative team, including Elizabeth, so it is their second speaker was strengthened twofold. Although Elizabeth debated only once during the season, she will be one of the team's strongest speakers next year.

They say Jake Larson is broad and he certainly is broad minded when it comes to debating. Having had no previous experience in this line, Jake entered the try outs and came out victorious. Jake's experience will aid him next year, for he too will be back as a Senior.

Much credit is due Mr. Eidt, the coach of the school debate, for the success of his two teams. He worked unceasingly with them and drilled them thoroughly as they can readily testify.

Our Declaimers

After competing with approximately twenty-five declaimers, and withstanding seven elimination contests, Esther Cain, '30 won first place at the local Declamatory contest held March 1, with her "Vision of War". On March 25, she represented Menominee at the sub-district declamatory contest held at Stambaugh. Last year, in the seventh and eighth grade contest, Esther also won first place with the declamation "The Littlest Rebel."

Bessie Washburn, also of the freshman class, took second honors in the local declamatory contest with the declamation "The Union Soldier". This is the first time that Bessie has entered a contest of its kind, and the interpretation which she gave to the "Union Soldier" was well deserving of merit.

The honors for third place were tied for by a sophomore and a freshman. Evelyn Peterson, '29, gave "The Death Penalty" and was given third place at the contest. The same honors went to Evert Saunders, '30, who gave the declamation, "The Children of the Poor". Neither of the students have entered a declamatory contest previous to this year.

Our Orators

"The Conservation of Coal" was the oration given by Mike O'Hara, '28, which won first place in the local Oratorical contest held here March 1. On March 25th he represented Menominee at Stambaugh.

His oration was one of the timeless, dealing with the coal situation in the world today and was based on the issues expounded by the debaters who had the coal question.

Mike has had much practise in debating and oratorical work, being a member of the class debating team for two years, and a member of the school debating squad this year.

In a very close contest, Gertrude Lindquist won second place with her speech "The World of Tenements." Using as a basis for this speech, a former oration on "The Unsolved Problem," with which she also won second place, Gertrude has produced a splendid piece of work, showing her power in condensing and revising. Those who heard Gertrude's plea for the child of the tenement will not soon forget it.

Inter Class Debate

Never was keener competition entered into than in the inter-class debates, from the little seventh graders to the lofty Seniors.

The first debate was held March eleventh, between the seventh and eighth graders in which the latter ran off with the much coveted plaque which now is their undisputed possession, having won it last year also. These two classes debated on the St. Lawrence Waterway project, the negative upheld by the eighth grade, Jean Seidl, Louise Rose, Joyce Bakeman and Flora McFarlane alternate. They were coached by Miss Bunge. The seventh grade team, coached by Miss Kleinmeyer, were Evelyn Schmidt, Edward Larson and Harlan Schroeder, with Emily Shaver alternate.

The Sophomores won from the Freshman this year debating on the Philippine question. Those on the Sophomore team were Ellen Quimby,

Freshman—Franklin Koch, Katherine Kasmarek, and Robert Law.

For the first time in the debating history of the Menominee High School has the Junior-Senior plaque become the permanent possession of any one class, but this year, the Seniors won the plaque "for keeps" after winning it last year also. The affirmative side of the Baumes Law was upheld by Jean Pickett, George Menacher, and Gertrude Lindquist, with Cecilia Derricks alternate. The negative, upheld by the Juniors, was composed of Ame Vennema, Mary Lee Raiche and Dorothy Washburn with Jack Ahern alternate.

From eleven promising young declaimers, three eighth graders and two seventh graders captured honors.

Leo Wheaton, '31, who won first place in the semi-finals, again won first place, giving "You are the Hope of the World."

Constance Seymore, '32, won second place with "The Christmas Candle"; Louise Rose, '31, won third giving "A Plea for Cuba"; and Esther Gustafson, '31, and Ruth Nadeau, '32, tied for fourth place.

Student Council

The school as a whole is more fully represented this year in the Student Council than in previous years since each home room has a representative as well as every organization.

In addition to the eligibility and social committees of previous years, there is a new committee which helps keep the records of students' outside activities. This committee checks up the number of points held by each student and thus prevents just a few students carrying all the honors.

The aim of the Student Council this year, as in previous years, is in every way to further the fundamental principles of the school that the school may grow bigger and better each year because of the increased efficiency of a bigger and better Student Council.

The Maroon News

The purpose of the Maroon News is to develop among the students an appetite for news.

Our paper is entirely a student publication as it is representative of all classes. The news is gathered, written, edited, set in type and printed by the students. Its staff consists of the editors and their assistants, who are journalism students, and reporters from other classes.

The students taking journalism are trained to recognize news and write it in the proper newspaper style. They do not rule the paper but guide it.

The Maroon News is on a money making basis through sold advertising and subscriptions. The money is used to complete equipment supplies and so improve its field.

It is with the able direction of Mr. Jungell, instructor of journalism and Mr. Griffith, who has charge of the Print Shop, that our paper has passed through another successful year.

C. O. F.

Friendship among the senior girls was the aim of the club, and much was accomplished toward this end at the initiation party. Who could forget the thrill of the bumpy ride down the stairs?

At the Christmas party all the girls turned little children; even a baby was to be found among the group.

In February we went sleighing, Peshtigo was our destination. After we'd made enough money at our candy sales, Miss B. Biddle told us to pray for snow. We don't know which one did the work, but there was plenty of snow.

In May we selected fifteen girls to be the torchbearers for 1927-28. We think they'll not soon forget the initiation they were given.

All in all, we think that the C. O. F. has made our senior year much happier, and we hope that the Chain of Friendship will continue to grow.

Curtain Club

The Curtain Club is an organization which has for its aim the study and development of dramatics. In the meetings, which are held every two weeks, the members devote their time to two phases of dramatics— first, the study of make-up in many different and interesting stages; second, the presentation of numerous one-act plays which are afterward discussed. The senior members of the club have been given an opportunity to direct some of the plays. Miss Teigen, as advisor, is greatly appreciated because of her splendid work. The officers of the club are

“M” Club

Late last spring a new organization appeared on the campus, the M-Club. It was composed only of men who had won M's by competition in interscholastic athletics. Since then the club has grown to be one of the most important on the campus.

The purposes of the club are three-fold. First: to develop fine school spirit among the students of the school; second: to cooperate with the administration and teachers of the school in setting and maintaining high standards of sportsmanship and conduct; and third: to support and encourage all school athletics.

This year the club sent Fred Mason and Jack Ahern to the Older Boys' Conference at Escanaba. The club also decided to give a cup each year to the best scholar-athlete.

They gave dances to entertain visiting teams, and all incoming teams were met by members of the M-Club and escorted to their hotel.

Officers for the year were:

Vice President.....	Fred Mason
Sec'y and Treas.....	Redeman Beekler
Rep. to Student Council.....	Walter Bunda

P. E. P. Club

Have you noticed certain alert and enthusiastic girls proudly wearing P. E. P. rings? Do you really know that the basis for "pep" is personality efficiency and promptness?

The girls of this "pep" club must be successful leaders in both work and play.

The club holds its meetings every Monday after school under the direction of Miss Whelpley. Here, the girls are given instructions for the ensuing week, which they carefully follow, each girl teaching these instructions to the girls in her squad.

The success of the club is largely due to the following officers:

President	Louise Kresse
Vice Pres.	Doris Bero
Sec'y - Treas.	Adeline Riley
Representative to Student Council	Elsie Fish

First Row - J. Rynish, G. Todish, L. Kramer, F. Mason, R. De Gaynor, H. Thompson, J. Gleason. Second Row - C. Payne, A. Janson, G. Kacinsky, C. Seidl, D. Schmidt, C. Stewart, W. Cherney, R. Eckert. Third Row - W. Miller, G. Brissette, L. Hubert, T. Nelson, W. Monson, R. Vorachek

Squad Leaders' Club

At first glance, one might take all these Squad Leaders for Seniors, so serious their demeanor, so dignified their conduct (especially near one of their squad).

The Squad Leaders' Club is organized to promote a higher social atmosphere among leaders in their gym work. Meetings are held Wednesdays with Mr. Jackson in charge. Mistake is discussed, and ways and means to remedy them.

With the money made selling refreshments at the games, Leonard Kramer was sent as a representative to the Older Boys' Conference.

With the big annual banquet and a jolly picnic thrown in, our year has been a very successful one.

The Hi-Y Club

Upon returning from the Upper Peninsula Older Boys' Conference held this year in Escanaba, our delegates were so enthused with the spirit of the conference they decided to organize a Hi-Y Club. The idea was met with hearty approval by the rest of the school boys and the faculty. Eleven charter members constituted the original club and from an application list of over fifty, eleven more members were chosen, making it an organization of twenty-five.

The purpose of the organization is to "Create, maintain, and establish, throughout the school and community, high standards of Christian character." In accomplishing their purpose they have clean living, clean speech, clean athletics, and clean scholarship as a platform.

The club held noon-day luncheons each week and heard many interesting speeches from local business men. The discussion periods were very interesting and beneficial.

Mr. Smith and Mr. Olson were leaders. The following were officers:

Die Deutsche Gesellschaft

"Der Kaffee Klatsch" is the name of the first German Club ever organized at Menominee High. The first meeting was held early in February and officers were elected.

At the second meeting, the club had the exceedingly difficult task of selecting a name. In answer to Shakespeare's query "What's in a name?" the German Club members would tell you that there is a great deal in it. If you don't believe it—just try to think of a name that is suitable, interesting and easily pronounced. Der Kaffee Klatsch was finally decided upon.

The purpose of the club is to create an interest in German and to give the German students an opportunity to become better acquainted with the country, its customs and language. Meetings are held twice a month, with Miss Benyas as advisor.

Though the club is a new organization the members are determined that it shall be one of the most successful clubs M. H. S. has ever known.

The Rifle Club

The popularity of the Rifle Club is increasing. Even teachers came to meetings this year to line up their eyes, and once more bulls' eyes are being made into doughnuts.

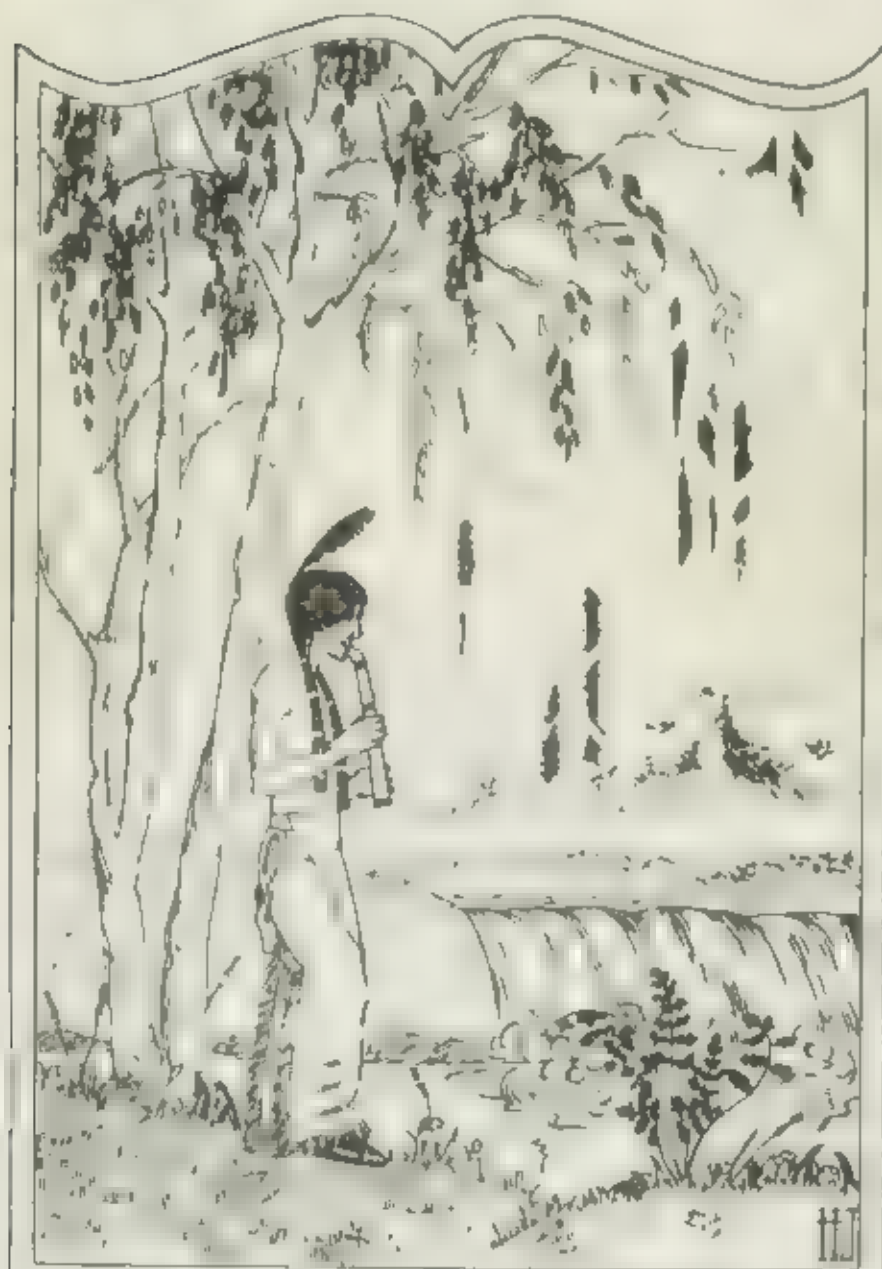

More than recreation is derived from this sport. One needs a steady hand, a practised eye, and a cool head, because in the game of life one cannot shoot at random.

At the weekly Monday meetings held in the basement of the High School, matches are shot with other clubs. Our targets are sent to headquarters where they are compared with the targets of other teams.

There is a bit of rivalry between Mr. Eidt's frontiersmen and the faculty club members. Sometimes a real argument occurs over a target. The boys say the teachers poke pencil holes in the targets, or put their guns up to the target and then shoot. But Mr. Eidt is the just judge, and settles all arguments.

The M. H. S. Glee Club

This year the Glee Club has worked under difficulties. The schedule of weekly rehearsals was interrupted by the illness of the director, Miss Joslyn. Although Mr. Olson took charge of the club for a month, yet the time lost prevented our presenting the annual operetta.

But the Glee Club had a big share in making the first Historical Pageant of Menominee a real success.

The Glee Club also sang for the Class Night, and cheered the Seniors at their Commencement program.

Margery Ounsworth has served as accompanist throughout the year. The Club wishes to express appreciation for her splendid work.

Margery Ounsworth - Albert Mordan

When the Seniors bid farewell to M. H. S. no one in all that illustrious class will be missed more than Margery Ounsworth, or Albert Mordan. Both have a promising future, and M. H. S. will be hard put to fill their places. Margery not only played for Assembly, but graciously served as accompanist for many musical organizations. Albert is not only a violin soloist but has done very commendable work in the Concert Orchestra.

The Quartet

Every boy and girl likes music and a great majority like to sing. This year Mr. Taylor selected four boys who are not afraid of hard work and organized a harmony machine. New and harder songs were learned and every minute of the Activity practice period has been used in order to accomplish as much as possible.

When everybody is feeling blue, Miss Radford often calls on the quartet to cheer things up with our harmony. Although we didn't appear before an audience as much this year as last, we are keeping something up our sleeve for the next year when the members of the quartet graduate.

Concert Orchestra

The concert orchestra under the able direction of Mr. Walstad, has completed the third successful year since its organization, and boasts of twenty members. Next year they expect to add a 'cello, viola and bass violin.

They have added much to the entertainment by playing for many school functions, including assemblies, school and class plays and inter-class contests.

Mr. Walstad has received many letters of commendation for their splendid work where they played before the American Legion, the Woman's Club, the Isaac Walton League, Parent-teacher Club and joint meetings of the various clubs.

George MacFarland won the favor of his audience for two consecutive evenings by his boastful cleverness in escaping after committing a bogus crime. However much is due to his two friends who certainly made every effort to catch him. They would have succeeded had it not been for Dolly Kammon who had actually captured him besides taking a very deep interest in him, which was by no means neglected nor ignored by MacFarland.

ACTIVITIES

Library—First Row—J. Pickett, Mrs. Greene, D. Peterson. Second Row—G. Lindquist, L. Schulawski, L. McDonald
Science—E. Hassel, L. Kreuz, A. Nielson.

Library Squad Leaders

In order that pupils may receive more help in securing desired books or magazines in the Menominee High School library, assistants or squad leaders are appointed to serve in each period. Students in the Junior and Senior classes who have shown great interest in library work are appointed as assistants by Mrs. Bertha Greene, the librarian.

The library assistants must keep order in the library, fix new books, read shelves and answer the telephone. Through this training the assistants receive experience which proves invaluable should they desire to continue library work.

Science Squad Leaders

The science squad leader as a usual thing is a happy creature, but at times when occasion demands he may also become exceedingly crabby as perhaps any science student will verify.

The squad leader has other jobs, besides answering questions, for example, straightening up the laboratory after class has gone through.

However, disregarding some of the more harassing experiences, the position of squad leader is invaluable to a person really intending to follow up a scientific career, for it develops presence of mind, leadership, and fixes more permanently in his mind his first course in science.

Manual Training—First Row—J. Boughner, A. Penl. Second Row—H. Frickson, A. Mordan

Printing—First Row—W. Miller, M. Gallenberger, C. Hornick, R. Brown. Second Row—J. Leisen, L. Brown, R. Gubout, N. Dolliver

Manual Training Squad Leaders

Squad leaders are a distinct advantage in successfully conducting the Manual Training classes in that the work of the students is checked up more closely and the slower students receive more individual attention. The squad leader who has had and solved the problems of the younger boys can appreciate their difficulties and often is able to offer the suggestions which will solve the student's problem.

Printing Squad Leaders

Squad leadership helps the leader as well as the student. He learns to give intelligible instructions to the others, while the student gains the knowledge of carrying them out. The teacher in charge is relieved of some of the minor responsibilities by the help of the squad leader. This is especially valuable in the printing department where so many duties must be performed. This training is as valuable to the graduate as any other course in school because it requires personal contact with many types of people

Senior—First Row—W. Kelly, L. Rick, M. Spies Second Row—M. Holmes, H. Mikolasek, S. Kuse. Third Row—R. Moreau, Sam Wells
Junior—First Row—W. Setmey, J. Lendved. Second Row—E. Miller, H. Christensen, L. Knutsen, C. Seymour. Third Row—J. Barry, M. Blahnik

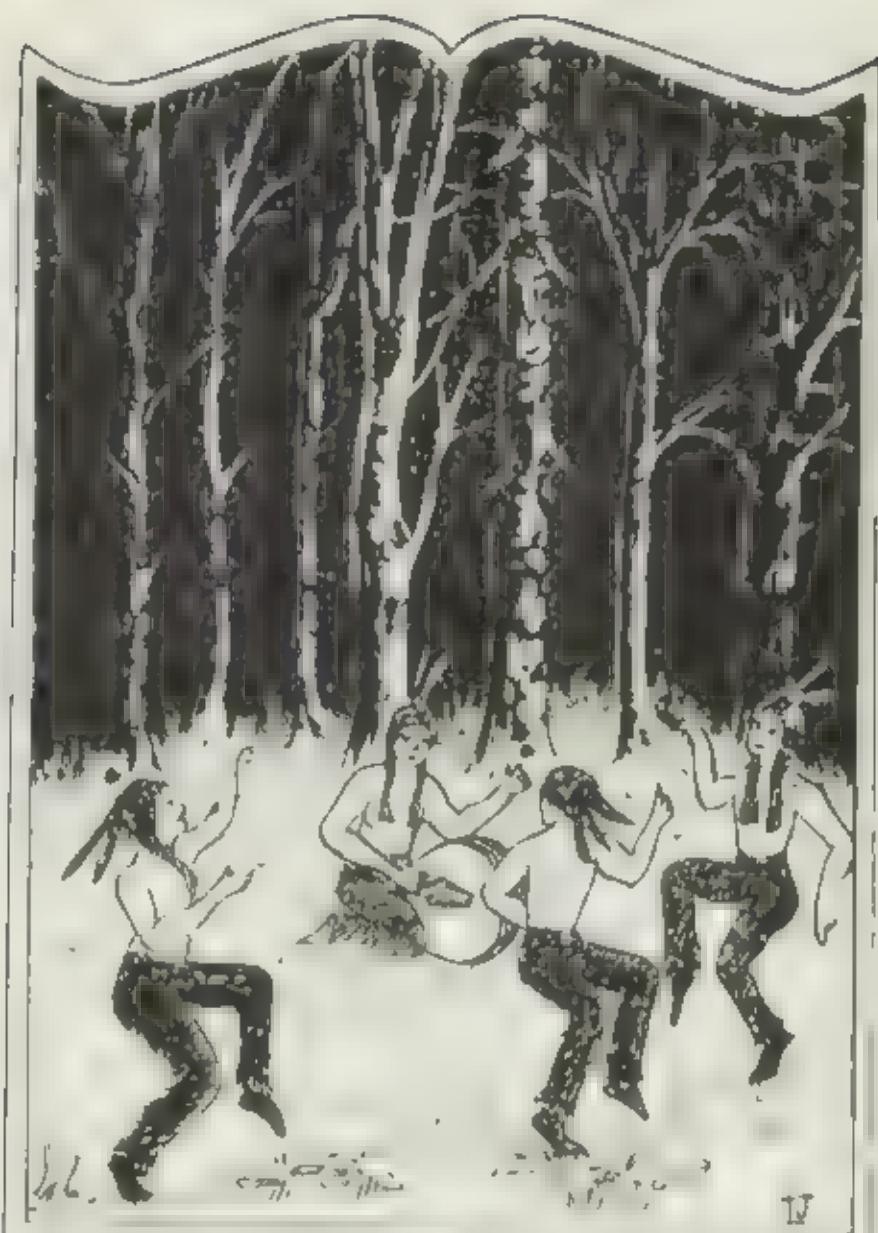

Assembly Committees

Why are the young and old alike so anxious to attend assemblies? Because they think that they are being educated by them? Hardly!! If that were the case the assembly would be almost empty, but listen, and I'll tell you a secret. They are being educated and don't know it.

The assembly committees, through hard and faithful work, arrange programs with so much "spice" in them and conceal the fact that the program is educational so well that the majority of the students really think that attending an assembly is like going to a movie.

These diligent committees entertain the "knowledge-evaders" with music, plays, readings, essays, and, on very important occasions, talks by prominent men and women.

That is why the pupils enjoy assemblies so much and feel grateful toward the hard-working committees.

Alumni Notes

Scene: Menominee High School Library. Mrs. Greene seated at her desk, binding copies of Maroon News.

Enter Alumnus.

Alumnus: Good afternoon, Mrs. Greene. Things have changed a bit since I was here. But it always seems good to come back to old M. H. S.

Mrs. Greene: We're always glad to see alumni come back. I was just binding copies of the Maroon News, and I came across comments on some of your class members.

Alumnus: Mrs. Greene, may I see some of those copies? I have heard a great deal about the school paper. So they call it Maroon News, now.

Mrs. Greene: (handing him bound copies) Yes. You might be interested to know that they run an alumni column each week.

Alumnus: (reading) Why, who would have thought that Evelyn Eastman would become an assistant in the psychological department of the Merrill Palmer School?

Mrs. Greene: Yes, it does seem strange to read of the success of your old schoolmates.

Have you heard of Ray Pribek's success in music? He was graduated in '17 too.

Alumnus: No, what about him? He was interested in music while he was in High School, but I didn't know he furthered his education along that line.

Mrs. Greene: After teaching several years, he studied at Bush Conservatory under Roland E. Lecch. While there he was chosen a member of the Bush Conservatory Symphony Orchestra which is under the direction of Richard Czerworky.

Alumnus: It makes me feel insignificant when I hear of so many old friends stepping into the limelight. Why, here's another member of '17 who has received honorable mention in the "Maroon News."

Mrs. Greene: Who is that?

Alumnus: Arthur Good. (reading) He has received the degree of Doctor of Philosophy from the U. of Michigan.

The RECORD '27

Mrs. Greene: Yes, and he's the third graduate of Menominee H. S. to receive an academic degree from the state university. Prof. Wilfred St. Peter of the U. of Pittsburgh and Prof. Louis Gram of the U. of Michigan are the other two. We certainly are proud of these men.

Alumnus: (still reading) And in his thesis for this degree, he has worked on the problem of distillation of oils. (turning pages) Well, I can see his name on the honor roll of Fame.

Mrs. Greene: Do you remember Fred Nyberg? He was a junior when you graduated. He is now practicing law with the firm of Musgrave, Oppenprice and McKeever, Chicago, Illinois.

Alumnus: Yes, I knew him well. Just think, he worked his way through six years at Ann Arbor! That's what I call ambition! He surely deserves success.

Mrs. Greene: In the paper you're looking at now there's a write-up of Harold Nielson.

Alumnus: Oh, here it is. I remember him as an ambitious freshman. (reading) He was chosen to go with an expedition to Greenland. He completed his course at Michigan in three years, and received a B. S. degree.

Mrs. Greene: This is only a preliminary expedition too. His excellent knowledge of the Danish language has enabled him to reach the standard necessary for interpretary work. Such an honor is not often conferred upon a student.

Alumnus: By the way, Mrs. Greene, on my way up here I noticed that the old Square People's is now J. Pfankuch's. By any chance, is this the Joseph Pfankuch who was graduated in 1911? My brother chummed around with him.

Mrs. Greene: Yes, it's he. He has a large business there.

Alumnus: (rising) I think I'll go down and have a little chat with him. I know my brother would want me to. I certainly have had a pleasant half hour, talking over old times. Thank you very much for giving up your time.

Mrs. Greene: Well, I always have time to talk over old times, and I've enjoyed our chat myself. I hope you'll come up here again when you're in town.

PROGRESS And Our Community

Two years—a year ago—this accomplishment of graduation seemed far off—a thing of the dim future—to-day it is reality itself; and you who take this step are that much nearer your position as progressive citizens of this community.

*

*

*

During the same time—this period of two years has seen the community in which we live—the community which you are soon to serve—take an unprecedented stride. In a sense, it too has “Graduated” with you to become a trading center of far-flung influence in our Upper Peninsula and in Greater Cloverland itself.

For the part which Lloyd's store has been privileged to take in this development—we are extremely pleased—that we may continue, working together for the continuance of this community progress, is an expression of our fondest hope.
